SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>.

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 01/02/21 at 1100 hours:

- 84,645,951 (+1,197,889) total confirmed cases in 218 countries. (2 day increase)
- 11,839,550 (+20,105) total deaths. (2 day increase)

Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 01/02/21 at 1000 hours:

- 20,061,818 (+397,842) total confirmed cases. (2 day increase)
- 346,925 (+5,726) total deaths. (2 day increase)

Confirmed California COVID-19 Cases - Per Medical Health Coordination Center as of 01/02/21 at 1100 hours:

- 2,345,909 (+100,530) total confirmed cases. (2 day increase)

- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details.

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- A series of storm systems will continue across primarily northern California into next week
 - The strongest storm is expected across northern California on Sunday night through Tuesday morning, producing areas of gusty winds, heavy mountain snowfall, and locally heavy rainfall.
 - Minor impacts and increased runoff are possible for burn scar areas across northern and central California during periods of moderate to locally heavy rainfall

SOUTHERN CALIFORNIA

- Nothing significant to report.

WEATHER KEY POINTS

01/03/21 - 01/09/21

Sunday-Saturday

- A series of storm systems will continue across primarily northern California into next weekend
 - The strongest storm is expected across northern and central California Sunday night through Tuesday morning, producing areas of strong winds, heavy mountain snowfall, and locally heavy rainfall.
 - Minor impacts and increased runoff are possible for burn scar areas across northern and central California during periods of moderate to locally heavy rainfall
 - Gusty winds of 50-70 mph, especially over the higher terrain, are expected across portions of central and northern California on Monday, causing travel impacts, possible downed trees and power outages.
 - Reduced visibility and blowing snow are also expected over the higher terrain.
 - Another storm is expected Wednesday through Thursday morning. While this storm appears to be weaker than the storm on Monday, it will bring another period of gusty winds, locally heavy rainfall and heavy mountain snow.
 - Minor impacts and increased runoff are possible for burn scar areas across northern and central California during periods of moderate to locally heavy rainfall
 - Another storm system is possible for Friday and into the weekend, bringing an additional round of rain, mountain snow, and gusty winds.
